

To Whom This May Concern;

I would like to take this opportunity to introduce myself. I recently graduated with a Master's of Fine Art Photography and hold a Bachelor's of Fine Art in Motion Pictures and Television, emphasizing in Cinematography from the Academy of Art University in San Francisco, California. I am interested in an opportunity for your internship position.

My strengths are in the camera department, as my training at the University has emphasized these skills. I have extensive pre and post-production knowledge and wish to obtain a more in depth look into the production side of the film industry. My desire for a better understanding of how the industry works outside of my educational independent background would be perfect for my advancement. I am a dedicated, self-motivated, hard working individual. I believe that I would be a great asset to have on your team. You will find my resume attached to this letter as well as a web link to view my reel.

I thank you for your time and look forward to having an opportunity to work with you as well as your staff.

Sincerely,

A handwritten signature in black ink, appearing to read "Christina M. Smith". The signature is fluid and cursive, with the first name being the most prominent.
